## OPERA LANE "Growing our History brick by brick"

Yes! The brick project is underway. Huber Opera House and Civic Center is moving forward with the brick project that was started some time ago. The initial order has been submitted. As soon as the engraved bricks arrive they will be put in place. There will always be a complete sidewalk. Orders will be submitted periodically and can be accepted at the Huber office at any time.

It is exciting to see the action out front. Ideas for brick - In Memory; In Honor; An important date in your life; Special Occasions; Special People; Christmas gift for those who have ev-

erything.

Call the Huber office if you have questions, need some help or need ideas, etc. Many logos are also available. This will be an ongoing project. At this time there is no deadline. Orders will be submitted when there is a sufficient number to do so. Many hours have been spent with the planning and it will be a beautiful addition to the sidewalk out front. Another addition to the community of which to be proud. The quicker the bricks are sold the quicker the mortgage will be paid off. Thank you all for your faithful participation in the Opera Lane Brick project.
